

REMARKS

Claims 65 to 72, 77 and 83 to 93 are in this case.

The reasons for patentability for claims 65-72, and 77 have been stated previously and are incorporated by reference.

The patentability of each dependant claim 83-93 is based on the teaching of the claim in combination with its parent claims.

Respectfully,

A handwritten signature in black ink, appearing to read "William D. Hall", written in a cursive style.
